NS15 | NS35 | NS55

Your sewing machine can be the gateway to a world of creativity. The NS range are so easy to use you'll be inspired to sew and create your way...

Sleek and modern, feature packed and functional, there is an NS computerised sewing machine to suit your sewing style. Get the most creative enjoyment for your home furnishing and dress making projects.

With four models to choose from, there will be one just right for you.

NS15

You are looking for a sewing machine that's easy to use, pretty in pink; the NS15 is the perfect choice. There are 16 stitches to choose from including 3 buttonhole styles to give your projects a professional looking finish. The jog dial offers easy stitch selection; turn to the stitch you require and the LCD displays information about the stitch width and length, what could be easier! Needle threading is quick and easy with the built-in needle threader and in combination with the top loading bobbin you will be sewing in no time.

NS35

If handmade craft and sewing is your hobby, you want an easy to use, reliable machine with features to suit your sewing style - the NS35 offers fantastic versatility. Select from 70 stitches including 7 buttonhole styles using the soft touch jog dial and see at a glance your stitch setting displayed on the LCD screen. The electronically controlled functions allow you to adjust stitch sizes in a precise yet simple way. Complete with accessories and hard carry case the NS35 will have you sewing your way.

NS55

The perfect choice for those who want to get more creative, the NS55 offers 135 stitches including 10 buttonhole styles selected via the touch of the key pad. The built-in lettering can be used to create simple labels, you can even combine different stitches to create your own stitch patterns and store in memory pockets for future use. Lightweight and portable the NS55 will easily travel to classes or take pride of place in your sewing room.

Easy to use functions

Sturdy and reliable, all models in the range are easy to use with practical features that will save you time and offer you years of sewing.

Central controls

Handy central controls help to make sewing easy. The electronic touch pads provide fingertip control of stitch functions.

LCD display

See at a glance the information about your stitch. Length, width and type of presser foot required are all clearly identified on the LCD display.

Quick set bobbin

Simply drop in a full bobbin, thread in the direction of the arrow and you are ready to sew. The see-through bobbin cover is an advantage; you can check bobbin status so you know when you need to change the bobbin.

LED sewing light

Light your workspace effectively with the LED light. It uses less power than a traditional bulb and lasts the life of the machine.

Automatic needle threader

Needle threading is quick and simple with a one-step action. This sophisticated needle threader with an advanced action is available on the NS35 and NS55.

7-point feed

Extra teeth ensure a smooth feeding action and superior stitch quality. Sew with accuracy on a variety of fabrics from sheer silk to denim.

Speed control

The slide control has two functions. It can be set from slow to fast to ensure you always sew with safety and accuracy, particularly on intricate detail or curves. On the NS55 it can also be programmed to alter the stitch width for customised zigzag.

Accessory compartment

All machine accessories fit neatly in the storage compartment. There are 5 included feet for your utility sewing and decorative stitching.

Features at a glance

Feature	Benefit	NS15	NS35	NS55
Number of stitches (built-in)	Number of stitches built into the machine to help create your project.	16*	70*	135*
One-step buttonholes	The one-step 'auto size' buttonhole function creates perfectly uniform buttonholes in a single action. 3,5,7,10 Choose your style.	3 Styles	7 Styles	10 Styles
